What is FIBC?

FIBC stands for the 'Financial Innovation Business Conference' and is the longest established Fintech Conference focused on pitch contest in Japan. Founded in 2012, FIBC attracts global audiences from Financial Institutions, Fintech Start-ups, Investors, Media, and Corporations. The FIBC Conference pools together a network of distinguished people from Fintech at every level to contribute, explore, and network. By holding the Conference in English, we hope to foster growth within Japan and build an international community of forward thinking innovators related to the financial industry.
